-: About us :-

Reyaansh Healthcare and its group of companies are engaged in manufacturing and exporting of veterinary pharmaceuticals, supplements and probiotic products. Our manufacturing facilities are specializing in different dosage forms like general & chewable tablets, hard & soft gel capsules, oral suspension & solution, general & sterile injectable, small volume parentals, general & sterile eye – ear ointment & drops and external preparations like spot on, spray, shampoos and conditioners.

We adhere to the highest quality standards and are proud that our facilities comply with Good Manufacturing Practice (GMP), WHO-GMP, US FDA, ISO 9001 + HACCP, Kosher, and FSSAI. Our commitment is to provide world class quality, at most competitive price, timely delivery, explore new therapeutic segments and expand our products portfolio, which has gained us a reputation as a global pharmaceutical company with world class quality products.

Why us?

We believe in growing together toward success with mutual trust, understanding our partner's requirements and supporting them with best quality of products and high standard of packaging as per the market demand.

Our team consists of highly experienced personnel engaged in providing you with best products and service. We strive to be the preferred and trustworthy business partner acknowledged by its customers thereby creating benchmarks in quality, reliability and services.

We believe that our success is rooted in our commitment to service excellence. We strive to provide our customers with the highest level of service and support, and to build lasting relationships based on trust, transparency, and mutual respect.

Our promise to you is simple: We bring **value**, **innovation**, and **growth** to your business, ensuring that compromise has no place in our mutual endeavours.

-: Our Vision :-

Our vision is to be a trusted partner in animal health, providing innovative solutions that improve the lives of animals and their owners, while ensuring the highest standards of quality and safety.

We aim to expand our product portfolio and explore new therapeutic segments to provide a comprehensive range of products.

-: Our Mission :-

Our mission is to enhance the health and well-being of animals worldwide by providing innovative, high-quality, and safe veterinary medicines. We are committed to continually improving and expanding our product portfolio to meet the evolving needs of our customers and the industry.

We will maintain our commitment to world-class quality by adhering to strict manufacturing standards, regulatory compliance, and continuous improvement. We will foster a culture of learning, empathy, and innovation, where our team members can thrive, and we will operate with the highest level of ethics and integrity.

Our ultimate goal is to become the most trusted and respected name in animal health, delivering innovative solutions that improve the lives of animals and their owners worldwide.

-: Our Values :-

Reyaansh Healthcare is one of the fastest growing company. Professionally managed by a team of highly qualified, experienced, committed and dedicated technocrats. The real reason behind our success and commitments in all aspects of business are :

- ✓ Maintain high ethical standards.
- ✓ Be customer - focussed.
- ✓ Built in high quality.
- ✓ Use the best available scientific and clinical information.
- ✓ Promote integrity, commitment and human values.
- ✓ No compromise on quality.

3	**Vetdiumride 250 mg Tablet (Levamisole HCL 250 mg Tablet)** Immunostimulant anthelmintic for gastrointestinal nematodes and lung worms in cattle and sheep	**50 Boli**
4	**Levamisole 1000 mg Bolus** For the treatment of gastrointestinal and lungworm infestations in cattle and buffalo	**50 Boli**
5	**Levamisole 200 mg/g WS Powder** For deworming and immune stimulation in poultry and large animals	**100 g** **500 g** **1000 g**
6	**Piperazine Citrate 1000 mg/g WS Powder** For the treatment of roundworm infestations in poultry and swin	**100 g** **500 g** **1000 g**
7	**Oxyclozanide 450 mg + Tetramisole 450 mg Bolus** For the treatment of fascioliasis (liver fluke) and GI nematodes in cattle and buffalo	**50 Boli**
8	**Oxyclozanide 1400 mg + Tetramisole 2000 mg Bolus** High-strength bolus for treatment of fascioliasis and GI nematodes in adult cattle and buffalo	**50 Boli**

Antibiotics & Antibacterials

Sr. No.	Product Name	Pack size:
1	**Vetcycline 20% WS Powder** For the treatment of bacterial enteritis, CRD, and systemic infections in poultry, calves, and swine	**100 g** **500 g** **1 kg**
2	**Vetsindox WS Powder (Tylosin + Doxycycline)** For the treatment of chronic respiratory disease, mycoplasmosis, and bacterial enteritis in poultry, calves, and swine	**100 g** **500 g** **1 kg**
3	**Florfenicol 100 mg/ml Oral Liquid** For the treatment of bovine respiratory disease, pneumonia, and enteric infections in cattle and swine	**100 ml** **250 ml** **500 ml** **1000 ml**
4	**Cefquinome 25 mg/ml Injection** For the treatment of severe systemic bacterial infections, mastitis, and septicemia in cattle, buffalo, and swine	**2 ml**
5	**Spectinomycin 100 mg/ml + Lincomycin 50 mg/ml Injection** For the treatment of bacterial enteritis and respiratory infections in calves and poultry	**100 ml**
6	**Doxycycline Hyclate 100 mg/g +** **Gentamycin Sulphate 100 mg/g WS Powder** For the treatment of CRD, bacterial enteritis, and systemic infections in poultry, calves, and swine	**100 g** **500 g** **1000 g**
7	**Doxycycline Hyclate 500 mg/g WS Powder** For the treatment of respiratory and gastrointestinal bacterial infections in poultry, calves, and swine	**100 g** **500 g** **1000 g**
8	**Sulphadiazine 400 mg/g + Trimethoprim 80 mg/g WS Powder** Broad-spectrum antibacterial for the treatment of bacterial diarrhea, pneumonia, and septicemia in calves, sheep, and goats	**100 g** **500 g** **1000 g**
9	**Amoxicillin Trihydrate 200 mg/g +** **Colistin Sulfate 100,000 IU/g WS Powder** For the treatment of bacterial enteritis, colibacillosis, and respiratory infections in poultry, calves, and swine	**100 g** **500 g** **1000 g**

~ Products protected by valid patents are not offered for sale in countries where the sale of such products constitutes a patent infringement.

~ We disclaim any liability for trademark conflicts arising from coincidental resemblances of brand names on its products to those in the destination market. Use of these names is purely incidental and unintended.

10	**Erythromycin Thiocyanate 200 mg/g WS Powder** For the treatment of chronic respiratory disease and mycoplasmosis in poultry	**100 g** **500 g** **1000 g**
11	**Lincomycin 222 mg/g + Spectinomycin 444 mg/g WS Powder** For the treatment of enteric infections and dysentery in swine and poultry	**100 g** **500 g** **1000 g**
12	**Colistin Sulfate 1,200,000 IU WS Powder** For the treatment of bacterial enteritis caused by E. coli and Salmonella in poultry, calves, and swine	**100 g** **500 g** **1000 g**

Trypanocides & Blood Parasite Control

Sr. No.	Product Name	Pack size:
1	**Vetdimina + B6 & B12 Powder** For the treatment of trypanosomiasis and babesiosis in cattle, buffalo, sheep, and goats	**2.37 g** **Sachets**
2	**Vetquifate Powder** For the treatment and prophylaxis of trypanosomiasis (surra) in cattle, buffalo, camels, and horses	**3 g** **Sachets**
3	**Vetdimizone Powder** For the treatment of babesiosis, trypanosomiasis, and theileriosis in cattle, buffalo, sheep, and goats	**2.36 g** **Sachets**
4	**Vetrosante** **Isometamidium Chloride Hydrochloride 125 mg** For prophylaxis and treatment of trypanosomiasis (surra) in cattle, buffalo, camels, and horses	**1.25 g** **Sachet**
5	**Vetrosante** **Diminazene Diceturate + Vitamin B12 + Antipyrine** For the treatment of trypanosomiasis and babesiosis in cattle, buffalo, sheep, and goats with vitamin support for faster recovery	**2.36 g** **23.6 g** **Sachet**

Vitamins, Minerals & Metabolics

Sr. No.	Product Name	Pack size:
1	**Vetaminovit Injection** For the prevention and treatment of anemia, weakness, and nutritional deficiencies in cattle, buffalo, horses, sheep, and goats	**50 ml**
2	**Vetmultivit Injection** For the prevention and treatment of vitamin deficiencies, stress, and debility in cattle, buffalo, sheep, goats, and horses	**100 ml**
3	**Vetbcomplex+ Injection** For the correction of B-complex vitamin deficiencies, anorexia, and metabolic disorders in cattle, buffalo, sheep, goats, and swine	**100 ml**
4	**Iron + Vitamin B12 + Nicotinamide + Cobalt Injection** For the prevention and treatment of anemia, weakness, and growth retardation in calves, lambs, and piglets	**100 ml**

Reproductive Hormones

Sr. No.	Product Name	Pack size:
1	**Vetclopro Injection (Cloprostenol)**F For estrus synchronization, treatment of pyometra, and induction of parturition in cattle and buffalo	**30 ml**
2	**Vetprost Injection (Dinoprost Trometamol)** For luteolysis, estrus induction, and treatment of reproductive disorders in cattle and buffalo	**30 ml**

Poultry & Coccidiosis Control

Sr. No.	Product Name	Pack size:
1	**Vetprolium 20% WS Powder (Amprolium)** For prevention and treatment of coccidiosis in poultry and calves	**100 g** **500 g** **1 kg**
2	**Amprolium HCL 200 mg/ml Oral Liquid** For the prevention and treatment of coccidiosis in poultry and calves	**100 ml** **250 ml** **500 ml** **1000 ml**
3	**Sulfachloropyrazine Sodium Monohydrate 300 mg/g WS Powder** For the treatment of caecal and intestinal coccidiosis in poultry	**100 g** **500 gg** **1000 g**

~ Products protected by valid patents are not offered for sale in countries where the sale of such products constitutes a patent infringement.

Quality Policy

At **Reyaansh Healthcare**, we prioritize customer satisfaction by adhering to stringent global quality standards in the manufacturing and exporting of high-quality vet medicines and supplements. Our operations utilize state-of-the-art technology and follow rigorous procedures compliant with cGMP and WHO-GMP standards. Our Quality Management Team vigilantly ensures that every product not only meets but exceeds international quality, purity, efficacy, and safety standards. We set high benchmarks for ourselves and our business partners, continually enhancing our practices to align with global best practices. Our relentless pursuit of quality ensures that our facilities and operations consistently reflect the high standards expected by global veterinary professionals.
